Chairman Comments:

- Reviewed past history with Town Board regarding direction of this group.
- Informed fellow CC Board members of his complete frustration over the total lack of communication from the Town Supervisor and the Deputy Town Supervisor for months. Promises to communicate have not been upheld to date.
- Comments as to reducing the Board to a “committee” have not materialized, leaving the CC Board in “limbo”

Community Center Director concerns:

- For profit groups meeting at the center.
 - Sunday openings
- These were tabled until Board's position is finalized.

The Community Center Board Members, in attendance at this meeting, are 100% in agreement to submitting a resolution to the Town Board regarding clarification of town's organizational chart and responsibilities of the Center Director. They will be requesting an answer in writing by June 25, 2010. Motion made by Jason Thompson; seconded by Bob Gibbs. Approved.
